General Counsel are more important than ever in history. Boards of Directors look increasingly to them to enhance financial and business strategy, compliance, and integrity of corporate operations. In recognition of the achievements of our distinguished Guest of Honor and his colleagues, we are presenting Chad Jerdee and the Legal Department of Accenture with the leading global honor for General Counsel and Law Departments for their legal achievements and for leadership in the area of diversity. Accenture provides international services in strategy, consulting, digital, technology and operations. The transcript of this event will be made available worldwide in electronic copy.

Join us and get to know Mr. Jerdee with a fireside chat on the role General Counsels can play in advocating across all aspects of diversity, including our own mental health and well being in the legal profession. The Distinguished Panel will analyze how Directors, C-Suites, and Lawyers are building a culture of inclusion and driving innovation; and what it takes to be authentically inclusive with customers, suppliers, and talent. The full-color transcript of this event will be made available worldwide in electronic copy.

The Directors Roundtable is a civic group which organizes the preeminent worldwide programming for Directors and their advisors including General Counsel. Join us on social media for the latest news for Directors on corporate governance and other important VIP issues.
